

PRAYERS ANSWERED

Juan Carlos and Ruth Bonilla
📍 Spain

Juan Carlos speaks to a growing congregation

We praise God for the many ways He is at work in Madrid. We thank our Lord for the wonderful core team who help us with the church plant.

Each week God answers our prayers in bringing new people to our church, through monthly outreach events, the church website, Facebook/Instagram pages, and people from our emerging church inviting family and friends. Juan Carlos invited a friend from Ecuador, who he grew up with and hadn't seen in 20 years, to our church. The friend continues to faithfully attend and even helps with set up.

For several months since we started public worship services, we both have prayed for musicians to help during the worship services. A Spaniard who started attending our church approached us one Sunday and shared with us that he plays the guitar and that he would like to help with the music. God is answering prayers for the Church in Madrid!

A guitarist now assists Ruth with music.
